

**Structure Notes:**

1. Original station built in 1865 and used for freight office when the new station was built. By 1928 the platform in front and to the south of the building was removed and the building removed in 1931. The northern freight end was removed in the late 1980's.
2. Open front shed shown in c.1900 photo.

**Track Notes:**

- A: 750' siding noted for The Standard Oil Co.

Scale: 1" = 200'

**DELAWARE & HUDSON RAILROAD**

Corinth Station

Based on Adirondack Rwy. Atlas from 1891
